Ashlar Stencil

B E N E F I T S

EIFS stencils provide a smart, cost-effective way to achieve the rich character of real masonry without the weight, expense, or labor of traditional brickwork. Large surfaces can be finished quickly delivering consistent high-quality results, that convincingly replicate authentic stone or brick.

With an extensive range of standard patterns, multiple thickness options, and unlimited custom design capabilities, architects and contractors gain the freedom to create distinctive façades that truly stand out.

This combination of efficiency, versatility, and aesthetic realism is why Universal Templates has become the trusted choice for EIFS stencil solutions.

Standard Stencil Patterns Available

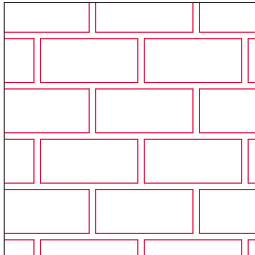

UNIVERSAL PN#	PRODUCT NAME	BRICK WIDTH
UT-2S 300 to 450 SQFT	Runningbond	7.5
